Subject: Clarification /Confirmation sought by the exchanges on news item appearing in "Media/Publication" dated 01.04.2026

Dear Sir/ Madam,

This is with reference to the clarification sought by the exchanges regarding the news item published on www.ndtvprofit.com dated April 01, 2026, titled "Syrma SGS Announces Rs 1,600 Crore Investment to Build PCB, Component Units in Andhra Pradesh."

We wish to clarify that the above-mentioned development had already been communicated to the exchanges on September 10, 2025, with a subsequent update provided on December 01, 2025. Copies of the respective letters are enclosed herewith for your reference.

We trust this clarifies the matter. Please be assured that any further developments on the subject will be duly communicated to the exchanges in due course.

Please take the above intimation on your record.

Thanking you

Subject: Intimation under Regulation 30 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') - Update on Joint Venture Agreement between Syrma SGS Technology Limited ("Company") and Shinhyup Electronics Co. Ltd- Approval of Government of Andhra Pradesh.

Dear Sir/Madam,

With reference to the captioned subject, we would like to inform you that the Company has entered into a Joint Venture Agreement with Shinhyup Electronics Co. Limited, South Korea ("Shinhyup Electronics") on July 15, 2025 for manufacturing of multi-layer Printed Circuit Board (PCB) and Copper Clad Laminate (CCL) for automobile electronic equipment, home electronic appliances, IT and medical services in India.

In this regard, we wish to update that the Government of Andhra Pradesh has vide its order dated September 9, 2025, has approved the proposals of the Company as detailed below:

- Allotment of 26.70 acres of land at Menakuru Village, Naidupeta, Andhra Pradesh, to be made available by APIIC for establishing a Manufacturing and R&D facility for single, multilayer, HDI, and Flex printed circuit boards, a Copper Clad Laminate manufacturing facility and an Electronics Manufacturing Services facility.
- Incentive packages under Andhra Pradesh Electronics Components Manufacturing Policy (4.0), 2025-30, subject to the approval of the same application from Govt. of India and the AP Electronics Manufacturing Policy 4.0 (2024- 29)
- The above proposal would involve investment of around INR 1595 crores for all the projects together.

The disclosure under Regulation 30(13) read with SEBI Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11th November 2024 and relevant Industry Standard Note, is enclosed as "**Annexure - A**".

You are requested to take the above on record and oblige.

Thanking you.

Yours faithfully,
For **Syrma SGS Technology Limited**

Annexure – A

Details required under the Listing Regulations read with SEBI Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11th November 2024 and relevant Industry Standard Note.

Sl No	Particular	Details
1.	Name of the Listed Entity	Syrma SGS Technology Limited
2.	Type of Communication received	Government Order allowing allotment of land and subsidy for the Projects.
3.	Date of Receipt of Communication	September 9, 2025
4.	Authority from whom Communication received	Government of Andhra Pradesh
5.	Brief summary of the material contents of the communication received, including reasons for receipt of the communication	Approval for allotment of 26.70 acres of land to M/s Syrma SGS Technology Limited and its joint ventures for setting up PCB, CCL and EMS plants in Menakuru Village, Naidupeta, Andhra Pradesh, and for consideration of the projects under AP Electronics Components Manufacturing Policy 4.0 (2025 - 30) and AP Electronics Manufacturing Policy 4.0 (2024-29) for a proposed investment of INR 1,595 Crores.
6.	Period for which communication would be applicable, if stated	2025- 30
7.	Expected financial implications on the listed company, if any	The projects implemented by the Company in Andhra Pradesh are eligible for early-bird incentives and subsidy of 75% land cost under AP Electronics Components Manufacturing Policy 4.0 (2025 - 30).
8.	Details of any aberrations/non-compliances identified by the authority in the communication	Not Applicable
9.	Details of any penalty or restriction or sanction imposed pursuant to the communication	Not Applicable
10.	Action(s) taken by listed company with respect to the communication	Not Applicable
11.	Any other relevant information	Not Applicable

Syrma SGS Begins Groundwork for New PCB Manufacturing Plant in Andhra Pradesh

Over 1,000 new jobs, and a JV with South Korea's Shinhyup Electronics set the stage for a new manufacturing hub

Naidupeta (AP), India | December 01, 2025 - Syrma SGS has initiated construction on a new state-of-the-art Printed Circuit Board (PCB) manufacturing facility, marking an important step forward in the company's long-term expansion strategy. The plant, being developed through its subsidiary Syrma Strategic Electronics Pvt. Ltd., brings together advanced capabilities and a renewed push to strengthen India's electronics manufacturing ecosystem.

Located within the Naidupeta Industrial Zone, the upcoming facility is designed to produce a full spectrum of PCBs, including single-layer, multi-layer variants. With this facility, Syrma SGS will strengthen itself as a key contributor to India's high-growth electronics sector.

Beyond capacity, the project introduces a wave of livelihood opportunities for the community. With over 1000 direct jobs expected at the plant, it will help nurture local talent, support households, and contribute to the sustainable rise of Naidupeta as an emerging industrial hub.

To possess strong technological bandwidth, Syrma SGS has entered a joint venture with South Korea-based Shinhyup Electronics (SH Electronics Ltd.), a company known for its strong expertise in PCB engineering. The collaboration pairs Shinhyup's global engineering precision with India's fast-rising manufacturing strength. Together, they create a platform that enriches capability, sharpens quality, and positions the new facility for stronger competitiveness.

Commenting on the inauguration, Mr. J S Gujral, Managing Director of Syrma SGS Technology Ltd., quoted, *"Each one of us at Syrma SGS has always believed that India can be a global force in high-precision electronics. This new plant is our way of turning that belief into action. With cutting-edge PCB technology, a strong local talent base, and the strength of our partnership with Shinhyup Electronics, we are creating the infrastructure and alliances needed for the next phase of India's electronics journey. It is incumbent upon organizations like ours to be reasonably aggressive in our investments. This is an exciting moment for us and for the ecosystem around us."*

With groundwork now in motion, the Naidupeta project is positioned to become a key manufacturing anchor for Syrma SGS, supporting the company's broader goal of developing a fully integrated, next-generation electronics production ecosystem in India.

About Syrma SGS Technology Limited:

Syrma SGS is a leading Indian Electronic Systems Design and Manufacturing company. With over 30 years of expertise, Syrma SGS has been the preferred partner for customers seeking innovative and efficient EMS solutions. The Company serves more than 270 customers across 20+ countries. It has a pan-India manufacturing footprint with facilities in Chennai, Bangalore, Manesar, Gurgaon, Pune, Jodhpur and Baddi, along with R&D centres in Chennai, Pune, Gurgaon, and Stuttgart, Germany. For FY25, Syrma SGS achieved consolidated revenue of approximately INR 3,839 Crores. The Company offers a comprehensive range of services, including Product Design, Assembly (PCBA & Box Build), Quick Prototyping, and Tester Development Services, positioning us as a catalyst for growth in the industry. In addition to EMS, Syrma SGS also provides OEM solutions for RFID tags & inlays, high-frequency magnetic components, and electro-mechanicals. The Company's commitment to excellence is evident in the hundreds of millions of units delivered globally in the past decade, and the multidecadal relationships with several global customers.
